STUDENT PICK UP AND TRAFFIC POLICY

The Student Pick up and Traffic Policy is essential for the safety of the children. Please read this carefully and pass this information on to anyone outside of the family who may be picking up your children.

Children will be brought to the flagpole by their teachers at the end of class. Parents are to be at the flagpole to pick up their children. This is the only place the children will be released to their parents. Please do not wait at the stairway or outside of the classrooms for your child. This clogs the flow of the classes. Please do not wave your children to the car. They will not be allowed to leave the flagpole area without a parent. There will be supervision only at the flagpole area.

Orange traffic cones will be set up for the safety of the children. These cones block entrance into certain parts of the parking lot. Please do not get out of your car and move the cones for any reason. We will have a volunteer traffic person at the end of our class sessions. Please be kind to this volunteer, he is there for your child's safety and the safety of others. You will want to park your car, walk to pick up your child at the flagpole and leave the parking lot carefully being fully aware of where the cones have been placed.

Should you run into unusual traffic on your way to pick up your child, please call 674-1145 and let us know. This will comfort your child as he waits for you. Because we have such great demand for our classrooms from other ministries, we will go ahead and ready up the classrooms for the next group. Your child will be taken with us as we do this. If they are not out at the flagpole when you arrive, check first in our office and wait for us to arrive back from the classrooms. If this happens on a regular basis, we may want to look at a more convenient class time for your schedule.

To the Religious Ed Office:

My children have been informed by me that I will pick them up on time at the flagpole. They know they are not to run out to meet me at the car.
